

Product / Ultrafiltration System (UF Plant System)

Ultrafiltration System (UF Plant System)

₹3,11,900 – ₹7,67,250

★★★★★ 4.6 / 5.0 (556)

Description: Advanced filtration system delivering high-purity water by removing contaminants with precision membrane technology. Compact, reliable, and fully automated.

Key Specifications:
Capacity: 250 to 25,000 LPH
Water Source: Surface water, groundwater, industrial effluent
Automation: Fully Automatic
Application: Drinking water treatment, wastewater recycling, industrial processes.
